

A view of Earth from space, showing the curvature of the planet and a dense pattern of city lights at night. The lights are concentrated in the central and right portions of the frame, creating a glowing effect against the dark blue of the night sky. The horizon line is visible at the top of the frame.

# Years to 25% Adoption

TELEPHONE, 35 YEARS

A horizontal bar chart with a dark blue background. The bars are light blue and extend from the left edge of the chart. The text for each bar is centered above it. The technologies and their corresponding years to 25% adoption are: Telephone (35 years), Radio (32 years), TV (26 years), PC (16 years), Internet (7 years), and Mobile (12 years). The bars are arranged in descending order of length from top to bottom.

| Technology | Years to 25% Adoption |
|------------|-----------------------|
| TELEPHONE  | 35 YEARS              |
| RADIO      | 32 YEARS              |
| TV         | 26 YEARS              |
| PC         | 16 YEARS              |
| INTERNET   | 7 YEARS               |
| MOBILE     | 12 YEARS              |

RADIO, 32 YEARS

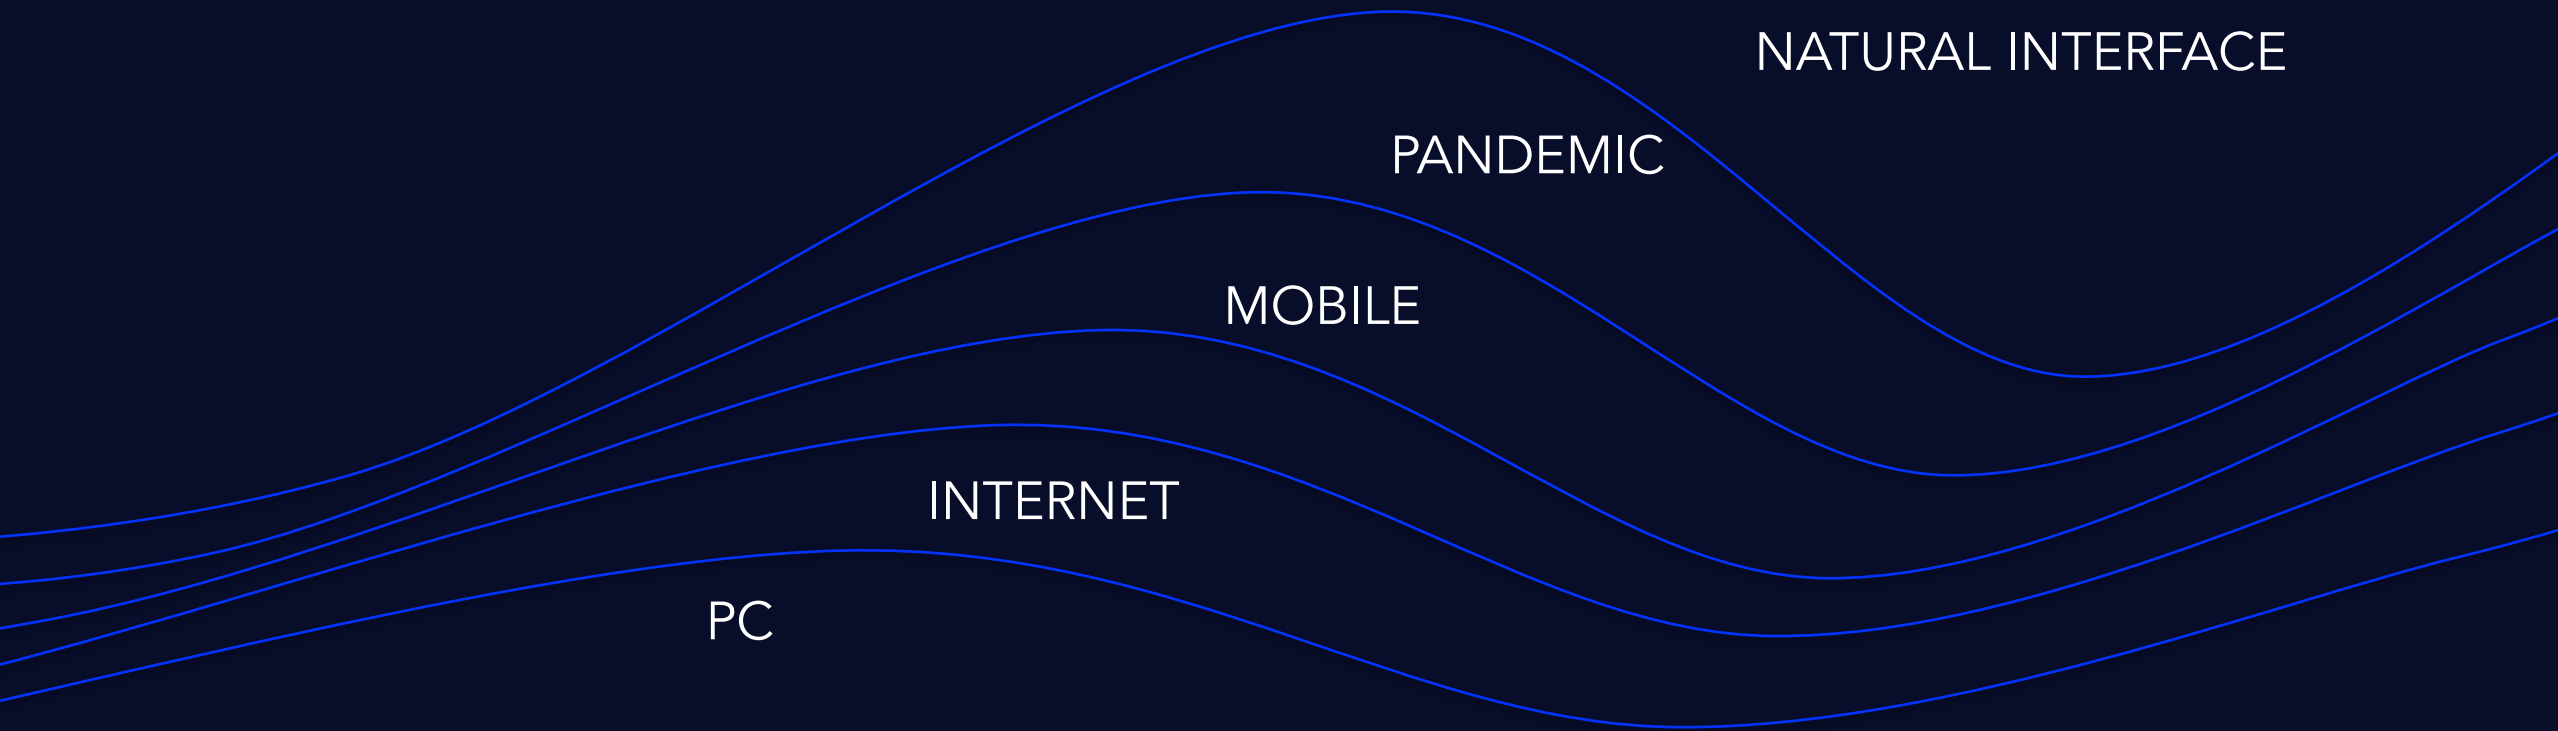

TV, 26 YEARS

PC, 16 YEARS

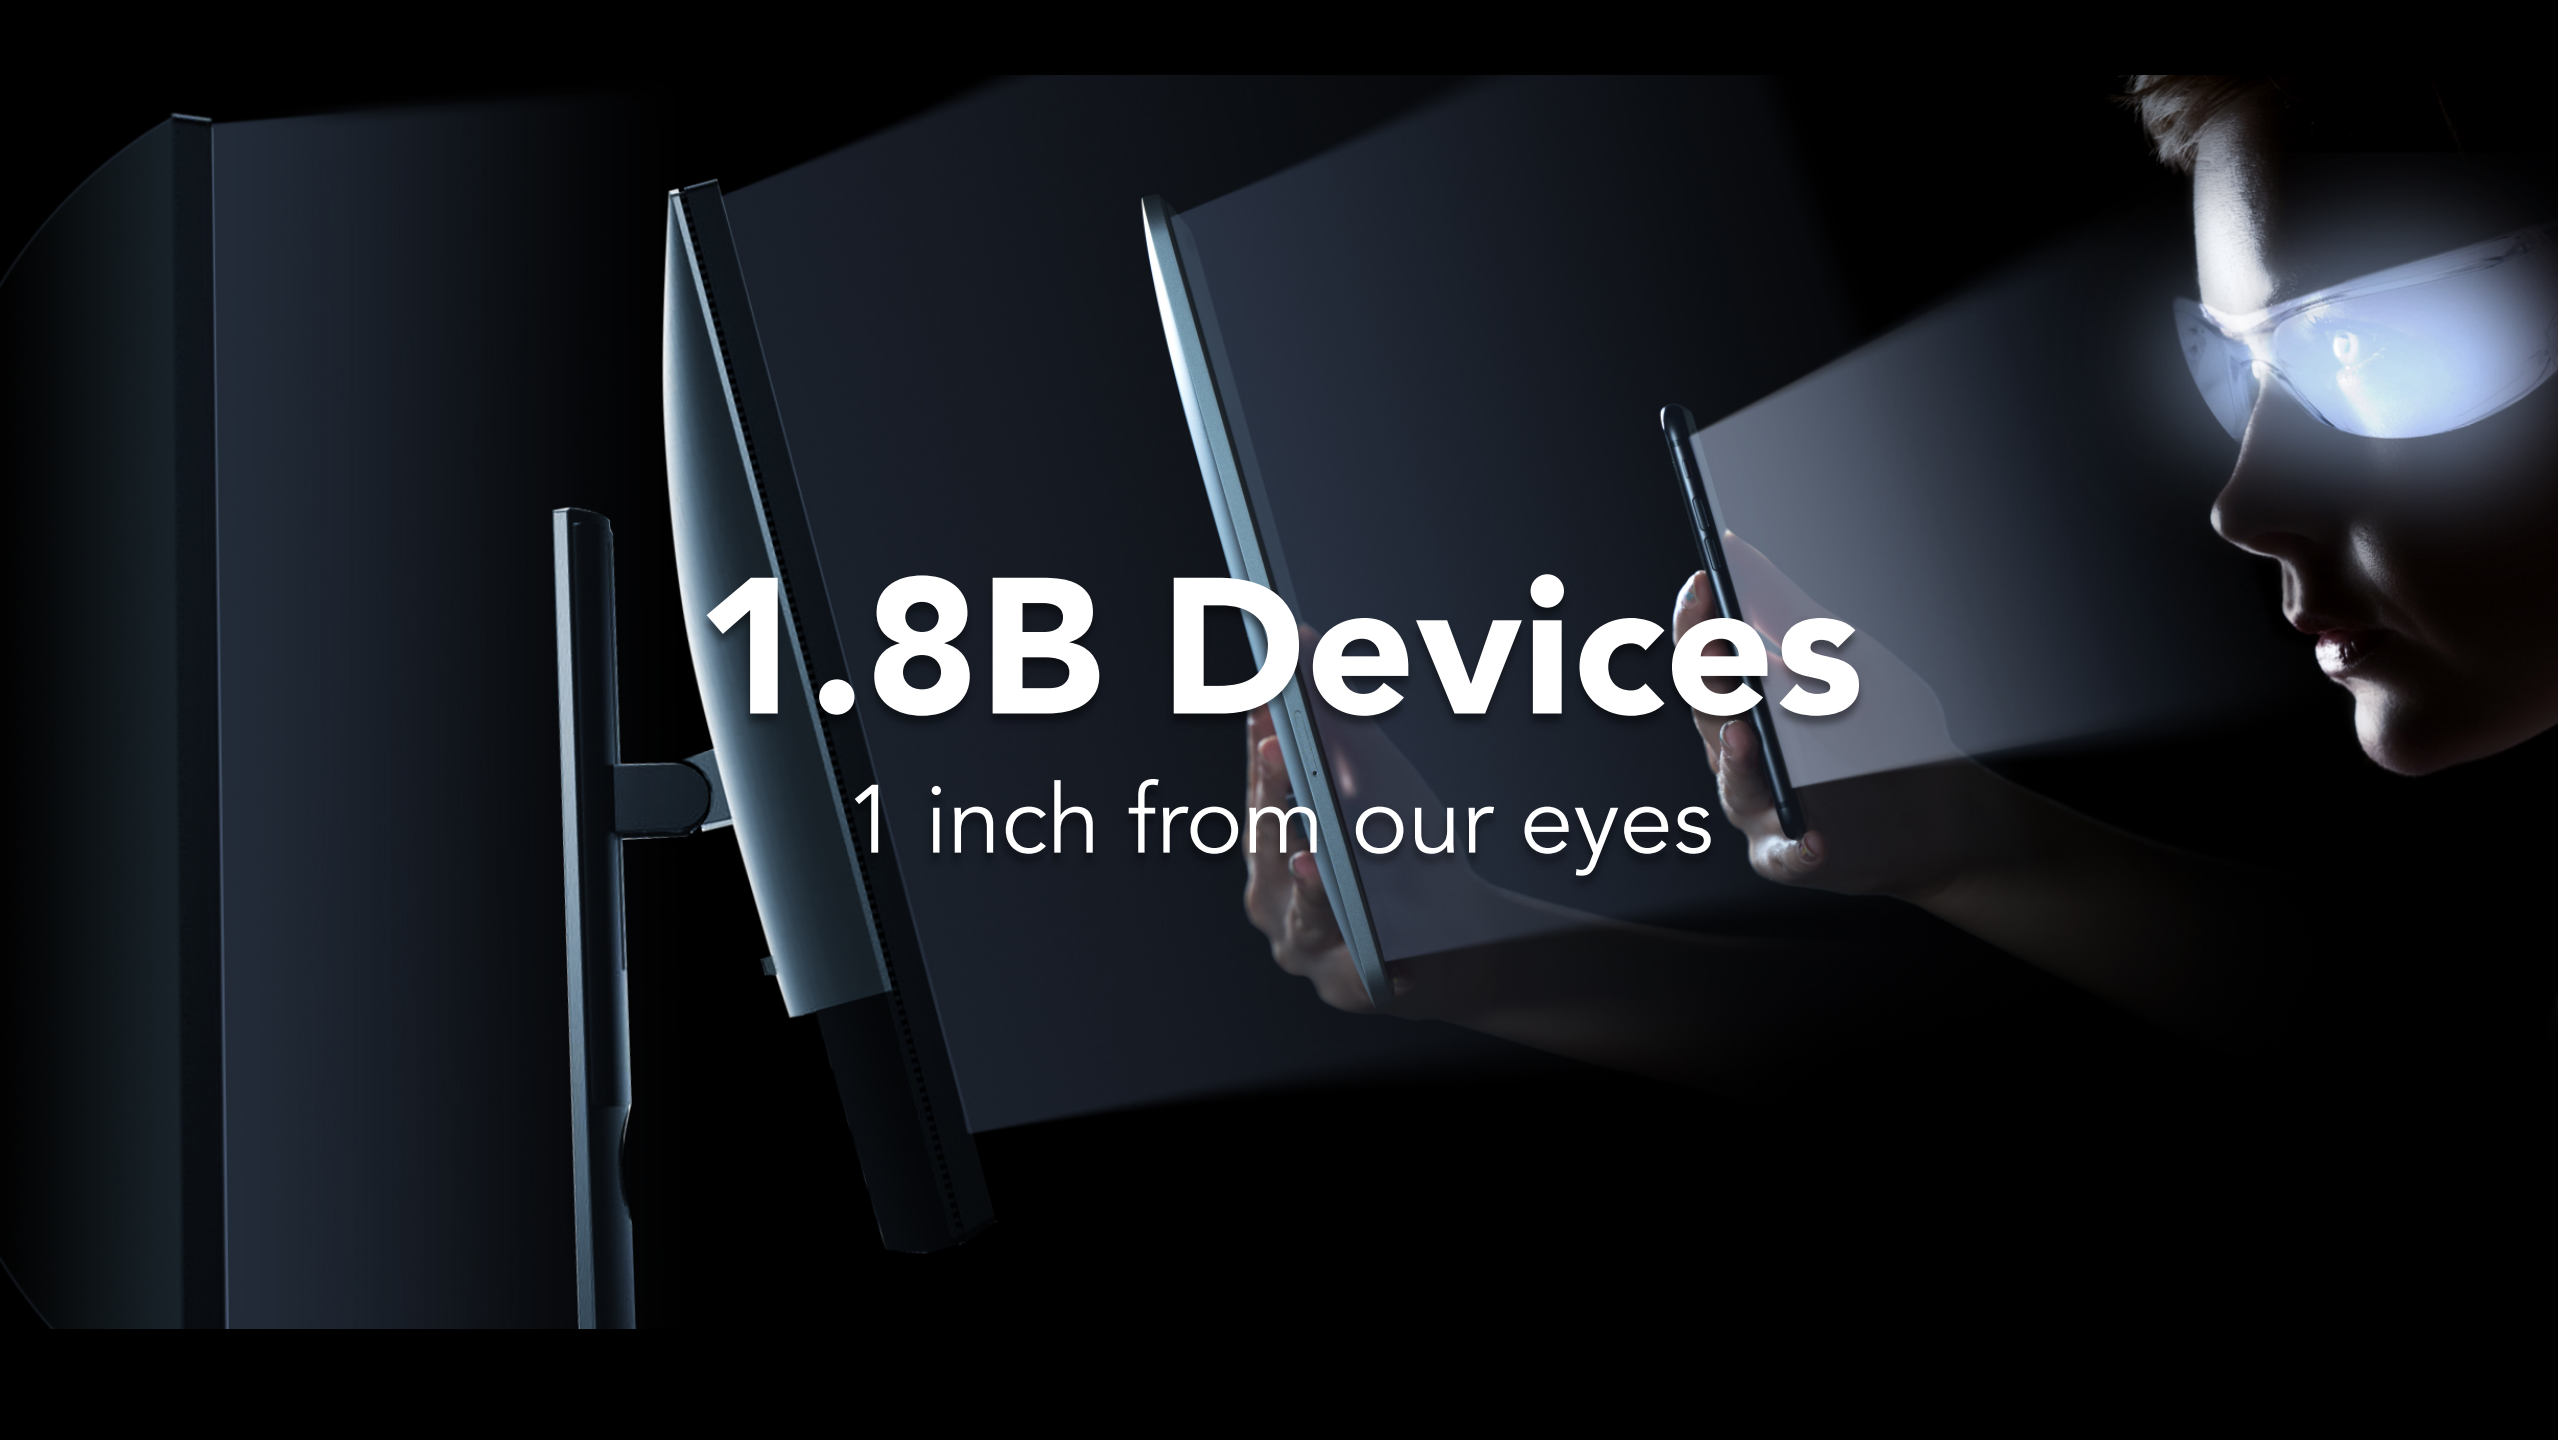

INTERNET, 7 YEARS

MOBILE, 12 YEARS

# Tech waves build on the prior wave

A person wearing safety glasses is shown in profile, looking at several computer monitors. The scene is dark, with light reflecting off the screens and the person's glasses. The text '1.8B Devices' is overlaid in large white font, with '1 inch from our eyes' in a smaller white font below it.

# 1.8B Devices
