Color Performance

Dell's unique hardware solution

- First to introduce Eyesafe[®] technology
- Unique hardware + software solution
- Meets both Eyesafe® and TÜV Rheinland's requirements

All new XPS laptops feature Eyesafe®

Dell was first to introduce Eyesafe® technology in 2019

XPS 15 and 17: 100% Adobe RGB color gamut and powerful performance

XPS 13 and 13 2-in-1: Vibrant visuals, highly portable

Alienware with Eyesafe®

Keeps you in the game without reducing image quality on:

- Alienware m17 and Area-51m with FHD 144Hz displays
- The optional 4K OLED display on the Alienware m15

Commitment

- Expanding our low blue light solutions
- First 4K UHD panel on a premium business laptop
- First on an Enterprise Chromebook
- Commitment to our customers to help manage blue light emissions
